

Richard Deakin Matthew Curtis Ronnie Tan

Pulse Panel

**Let's start with a review of the last few years.
Ronnie, where are we now?**

**Is this downturn in building consents cyclical
or structural?**

Is there a risk of it being more serious?

**Given the current consents forecast ... what
does this mean for CCCs in 2025/26?**

Audience Question

For many suppliers, KO represents significant revenue - can you shed any light on what the build programme for social housing might look like?

**There is a lot of thought going into the planning
of our big cities - what should the supply chain
prepare for?**

What are the likely developments in the Renovations / Additions & Alterations market?

Audience Question

It's been an interesting market of late - what must we learn from the experience of the last few years?

How can the industry evolve to build confidence in delivering projects?

Audience Question

Has the recent immigration spike had much impact on the demand for housing and what can we expect moving forward?

What's the one indicator you are following that will shape the recovery of the industry?
