CASA MATERIA

VERDE ST DENIS

The Verde St. Denis marble-effect tile is a tribute to the charm and majesty of nature. Its colour is a deep and intense green marked by white veins that create a dramatic and captivating contrast, just like the historic quarries from which Verde St. Denis marble originates. This porcelain interpretation captures the visual complexity and richness of detail of natural marble, offering a long-lasting and low-maintenance solution for both residential and commercial spaces. Each tile contains a piece of geological history, transforming floors and walls into design masterpieces that celebrate the timeless beauty of stone.

PATAGONIA

Patagonia is a bold and artistic porcelain representation, with fragments of pure white that dramatically emerge against a backdrop of grey, beige, and hints of gold. The effect is that of a natural collage, almost an abstract map of distant lands, with color variations that tell the geological story of vast and wild landscapes. It is a surface that captures the gaze, evoking the immensity and varied beauty of the Patagonian region, known for its extreme contrasts and pristine nature. Each tile of Patagonia is a work of art, bringing a piece of remote lands directly into living spaces.

TRAVERTINO SANTA CATERINA

The Travertino Santa Caterina porcelain tile pays tribute to natural beauty and architectural classicism. Drawing from the timeless look of travertine, this tile is presented in a palette of soft beige and discreet grey tones, traversed by undulating veins that recall the characteristic markings of classic travertine. The essence of this material, known for its unique veining, is masterfully represented in the porcelain, combining the beauty of design with practical functionality that ensures durability and ease of maintenance. Travertino Santa Caterina enriches every space with a touch of refined elegance and adapts with versatility to both luxurious residential interiors and prestigious commercial spaces.

TRAVERTINO SILVER

Travertino Silver recalls the brightness and contemporary elegance of natural travertine, with a special emphasis on the light and silvery tones that give this variety its name. Its linear and fine veins, which run vertically across the tile, give a sense of height and openness to spaces, while its delicately reflective finish captures and diffuses light, adding a dimension of subtle and elegant luminosity. This interpretation of Travertino Silver in porcelain is ideal for those looking to combine the refined aesthetics of travertine with the practicality and durability of a modern material. Suitable for use in a variety of contexts, from residential to commercial, Travertino Silver adds a touch of timeless refinement to any design project.

CREMA MARFIL

The Crema Marfil marble-effect porcelain tile is a tribute to the delicacy and warmth of the classical Spanish marble. Its surface reflects a chromatic range of soft cream and beige tones, characterised by a subtle and homogeneous texture, with barely perceptible veins that lend depth and a natural elegance. Extracted from the El Coto mountain quarries in the Alicante region, Crema Marfil is renowned worldwide for its high quality and decorative versatility, making it one of the most sought-after marbles for international design projects. Advanced technology in the production of porcelain slabs allows for a faithful recreation of the Crema Marfil look, offering superior resistance and the ability to enjoy the luxurious appearance of marble with added practical benefits.

ARABESCATO CLASSICO

Arabescato Classico is a marble-look porcelain that celebrates the magnificence of natural veining with its distinctive style. The pristine white background is traversed by grey and sometimes almost black veins, winding like streams or intricate branches, creating a dynamic interplay of lines. This vein pattern establishes a bold and sophisticated contrast, making it a prestigious choice for classic and elegant settings. Each face of Arabescato Classico contains a unique part of the natural narrative, making every installation an artistic statement.

BIANCO CALACATTA

The porcelain stoneware tile with a Calacatta White marble effect is an icon of refinement and uniqueness in the world of decorative stones. Renowned for its crystalline beauty and its distinct veins that unfold in a harmonious contrast of purity and movement, this tile pays homage to the exclusive marble of Carrara. This particular marble is celebrated not only for its spectacular aesthetic, featuring veins that range from grey to gold on a milky white base, but also for its historical presence in the most opulent and sumptuous architecture and sculptures. Its rarity makes Calacatta White a sought-after design element, capable of transforming any space into a living work of art. With its shine and unparalleled charm, it brings the magic and allure of the Apuan Alps, the cradle of this natural treasure, into every setting.

FIOR DI BOSCO

The Fior di Bosco tile captures the essence of the forest landscape, with a palette of colours that winds through shades of grey and brown, reminiscent of fertile soil and the shadows of trees. The porcelain masterfully replicates the image of natural stone, thanks to a clever interplay of veins that cross the surface like slender, capillary branches. Fior di Bosco is the ideal choice for those wishing to bring a touch of nature into their spaces, a corner of an enchanted forest, transforming every environment into a haven of serenity and style. The porcelain guarantees resistance and durability that make this tile perfect for both public and private prestigious environments, maintaining its splendour over time.

NERO MARQUINIA

The Nero Marquina tile embodies the pinnacle of luxury and elegance. Its deep black colour is crossed by thin and intricate white veins, akin to lightning streaking across the darkest night. This porcelain masterfully interprets the prestigious Nero Marquina marble, offering a visual spectacle of rare intensity and timeless charm. Each face is a masterpiece of design, a fragment of natural art that makes each environment unique. The dramatic contrast between the intense black and the light veins catches the eye, conveying an immediate sense of depth and spaciousness. Nero Marquina is ideal for creating impactful focal points in minimalist spaces or for adding a touch of boldness in more traditional environments.
