

WANT TO BECOME AN ACCREDITED INSTALLER?

E-Learning Programme: Online Training

Until recently, to become a Cover Styl accredited installer candidates had to attend a two-day physical training course based at the Cover Styl training centre in Luxembourg.

Cover Styl now lets you become an **accredited installer of their product by online learning through their E-Learning programme.**

PSP Ltd is the proud distributor of Cover Styl products in New Zealand, and we can now offer the new Cover Styl E-Learning Kit. The kit includes everything a candidate needs to complete the course in their own time and place.

Perfect for those affected by the following constraints:

- Physical training is too far or expensive
- No time or busy agenda

Training Format:

The training platform includes approximately **20 videos covering theoretical, commercial, and practical aspects**. You will need to complete exercises, answer quizzes, and submit tests with videos and characteristics.

Training Procedure:

- It is advisable to follow the videos in the prescribed order due to the increasing complexity.
- **The video training lasts more than 4 hours, but the total estimated commitment is around 12 hours.**
- It's recommended not spacing the videos too far apart to maintain the freshness of the information.

You are encouraged to **ask questions via email at etraining@coverstyl.com** if necessary.

The E-training Kit includes:

- All the tools required for application (including a heat gun and tool bag).
- Different shaped substrates for various applications of the vinyl.
- Cover Styl vinyl to use.
- Marketing brochures, the Green Range swatch and the Cover Styl Binder.

The equivalent of two days of physical training accessible in **ONE CLICK** from anywhere in the world.
