ORGA-LINE

Inner dividing system for organising TANDEMBOX

↑blum®

So many practical advantages

Our practical and versatile ORGA-LINE inner dividers are suitable for just about anything you want to store, designed to complement TANDEMBOX drawers and make your experience more satisfying. ORGA-LINE sets with high quality stainless steel trays and utensil dividers ensure a better quality of living. Because that's what's important to us, making sure your furniture needs are met, now and in the future.

Contents

What makes a kitchen practical?

The kitchen you opt for will last you for 15 years or more. So put time and thought into your purchase – don't just focus on aesthetics. It's the cabinetry hardware that makes a kitchen practical.
We've been analysing kitchen users' needs for years and are always coming up with innovative solutions for a better quality of living. That's our job.

Ergonomics
With order and organisation, work becomes effortless. Smooth workflows are possible in every kitchen. Ask your kitchen planner about 'good ergonomics' and make sure everything's within easy reach.

Storage
Wide, high and deep drawers use more of the space available. SPACE TOWER is the ideal pantry solution to suit every kitchen, easily accessible from all three sides.
Motion
Easy opening and silent, effortless closing of drawers make the kitchen a pleasure to work in. SERVO-DRIVE uno can be added to your rubbish and cleaning drawer for ultimate access and ease of use.

Design
Our storage, your designs. Why sacrifice design or functionality, when you can have both? Tell your kitchen planner what your needs and requirements are to ensure your kitchen suits you.

Practical clean-up

- Cutlery stays perfectly organised in high quality, hygenic stainless steel trays. The container trays are removable and dishwasher safe.
- It's not just kitchens that get messy, ORGA-LINE is also suitable for office stationery, bathroom vanities and living areas.

Practical overview

- Storage items of every shape and size are a perfect fit for ORGA-LINE, giving you an overview of everything. ORGA-LINE is adaptable to your current and future needs.
- The inner dividing system design allows for cross divisions to be moved, as well as giving you the option of adding additional divisions.

Practical flexibility

— We all use our kitchens differently, which is why ORGA-LINE is flexible. It can be easily re-arranged according to your personal storage requirements.

— Re-configure the drawers so that items you use most often are highly accessible.

Cutlery Ideas

Description

- ORGA-LINE is practical for kitchen applications as well as other areas of the home - office stationery, bathroom, laundry, odds and ends
- For drawers and inner drawers with cabinet widths 275 to 1200 mm
- Available in nominal lengths to suit 450, 500 and 550 mm
- Removable container trays are high quality stainless steel and dishwasher safe
- Can be combined with a film dispenser, foil dispenser or knife holder
- All images below show ORGA-LINE to suit 500mm nominal length

moving ideas

We believe that ideas can move the world. We offer innovative fittings, inspiring furniture concepts and appropriate services so that you can turn your creative ideas into reality. We are driven by your needs, international trends and our shared vision of a better quality of living. Let us work together to create moving ideas.

Quality of living

We would like you to enjoy greater convenience and functionality when using furniture.

Product range

Everything from a single source: our wide range of products allows you to keep up with today's and tomorrow's trends.

Inspiration

We monitor global trends and strive to create the solutions of tomorrow. We like to share our insights with you.

Innovation

We stay in motion. Curiosity and pioneering spirit drive us to develop new products and services for you.

Services

We support your daily operations with customised services tailored to your processes.

Quality

We continuously strive to improve our products, services and ourselves.

Trust

We take responsibility for partnerships, our employees, society and the environment.

Julius Blum started our journey in 1952 with horseshoe studs. Today we supply innovative fittings to customers in over 120 countries.
