Technical Details

Installation Notes:

- Requires a 220-250V, 10A, 50Hz dedicated service on an ELCB or RCD protected circuit.
- Floor must provide support for a minimum of 400kg and must be level.
- Detached blower (supplied) allows for multiple installation positions and helps to keep blower noise to a minimum.
- A non return valve allows blower to be installed at any height.
