

Plytech Feelwood HPL – Dark Oak

European Birch plywood finished on one face with a textured high pressure laminate produced by Egger in Germany. With the texture and feel aligned with the grain itself, the Feelwood has all the aesthetic and tactile properties of wood itself but with all the practical and durable benefits of a laminate. The fine Birch veneer lay-up provides an attractive multi-ply edge detail.

Applications:

Kitchen and bathroom cabinetry
Office and shop fittings
Furniture, desks, worktops, shelves and other applications where high resistance to wear and appearance are a priority.

Features:

Feelwood HPL is available in Light or Dark Oak.

Technical Specifications:

Standard – EN 636-2
Finish – High Pressure Laminate 0.6mm
Wood Raw Material – European Birch
Density – average 700kg/m³
Class – Hardwood, non-durable
Glue Bond – EN 314-3: Class 2 Exterior
Glue Formaldehyde Emissions – ULEF:
Ultra-Low Emitting Formaldehyde.

Dimensions:

Thickness	Length x Width
18mm/13ply	2440 x 1220mm

Environment:

Environment Protection Standard: ISO 14001:2005
Quality Management Standard: ISO 9001:2009
ULEF: No harmful emissions
FSC Certified
PEFC Certified.

Handling and Storage:

Plywood is a natural product that can be affected by changes in ambient weather conditions, causing previously flat sheets to bow or twist. All precautions are taken to minimise this effect, however once the plywood has left our warehouse we cannot guarantee sheets to remain flat. This is particularly important where free standing kitchen/ cabinet doors are concerned.
