Relevant Building Code clauses:

B2 Durability: Performance clauses B2.3.1 (c)

Statement on how the building product is expected to contribute to compliance:

Rondo provides up to a 7-year product warranty for certain products and applications, which complies to Clause B2-Durability for non-structural building elements that are easy to access and replace, which requires 5 years design life.

- options for compliance set out in section 19 of the Act (regulations, acceptable solution, verification method)
- standard or technical document that describes the performance of the building product or the relevant specifications to which the building product was manufactured
- physical properties of the building product
- how the building product is intended to be used.

Limitations on the use of the building product:

Refer to Rondo New Zealand product warranty document or refer to Rondo for further information.

Design requirements that would support the appropriate use of the building product:

There are no specific design requirements for this product.

Installation requirements *(also provide link to the product installation guide)*:

Rondo recommends that this product is installed by a qualified trades person in accordance with relevant codes and standards. Refer to Rondo literature at: www.rondo.co.nz

Maintenance requirements *(also provide link to the product maintenance guide)*:

There are no specific or periodical maintenance requirements for this product.

Is the building product/building product line subject to warning or ban under section 26 of the Building Act 2004?:

Yes No

If yes, description of the warning or ban under section 26:

N/A

Date:

01/12/2023
