INNOVATIVE PAINT TECHNOLOGY

Introducing COLORSTEEL® Matte

When it comes to great design, every element is considered. From shape and form, to colour and texture, it's the details that matter. COLORSTEEL® Matte – a refined choice, which proves the beauty is in the detail.

COLORSTEEL® Matte is an innovative and premium paint finish using micro-wrinkle technology to evenly diffuse light, creating a unique lustred surface and a soft textured look. COLORSTEEL® Matte appears much less reflective than standard and low gloss finishes and reveals the true tone and depth of colour not seen in other finishes.

SCOPE OF USE

- » COLORSTEEL® Matte is ideal for roofing, cladding, fascia, rainwater goods and garage panel door applications.
- » COLORSTEEL® Matte is available in a number of profiles including corrugated, tray and trapezoidal.
- » Available in three Standard colours; FlaxPod® Matte, TidalDrift® Matte, & StonePeak™ Matte. *SnowStone® Matte is available as a Non-Standard colour (T&C's apply).*
- » To ensure you always get the right COLORSTEEL® product, please specify as follows: Brand name + Product + Paint Colour + Finish (e.g. COLORSTEEL® Maxam™ FlaxPod® Matte).

*Strippable film is available for additional manufacture and installation protection.

WHY COLORSTEEL® MATTE

- » **Aesthetics:** Revealing the true tone and depth of colour not seen in other finishes.
