

METAL MC RANGE

MC-SSM10 PRODUCT GUIDE

MC-SSM10 Stainless Steel Clip Male

The MC-SSM10 is built from 304 stainless steel for enhanced fire safety and durability. As well as offering superior fire resistance, the clip can withstand heavy load bearing for both wall and ceiling panels. It screw fixes onto the back of the panel before being installed into the female clip component (MC—SSF10). Ideal for use with fire-rated panels, in fire egress paths and anywhere fire-rated certification is required. Refer to Panel Offset Guide for gap between substrate and panel, pull out and shear loads.

BENEFITS

- Exceptionally fire-resistant stainless steel construction, withstands elevated temperatures
- Allows for tolerance and panel flex
- Provides acoustic and vibration isolation
- 10kg pull out load
- 60kg shear load
- Screw fit mounting

APPLICATIONS

- Suitable for mounting up to 40kg per m2
- fire-rated panels
- Fire egress paths
- Anywhere that requires fully fire-rated certification
- Suitable for wall or ceiling panels
- Install into a variety of substrates

INSTALLATION: Partially exploded through section showing typical installation method
