Timber Flooring

Product – Ultra Driftwood Oak / Project – Private Residence, Rotorua

moda/

The Moda Collection is at once on-trend and timeless. A curated collection of pre-finished engineered timber flooring inspired by unforgettable Italian destinations, Moda's colour hues depict the warm sunsets of the Amalfi Coast to the cobblestoned streets of Como. Its unique SilkMatte finish looks and feels 'untouched' and 'raw' like an oil, but with added durability and repairability.

Crafted in Europe from sustainably certified European Oak, Moda is eco-friendly both in the way it is produced and sourced. It is suitable to be used as flooring, wall panelling and ceilings.

A generous 25-year residential and a 5-year commercial warranty is available with this Collection.

Total Thickness	16mm – including 4mm wear layer
Width	190mm
Length	2100mm
Species	European Oak FSC® Certified
Joint Profile	Tongue and Groove
Re-sanding	Approx. 2 – 3 times
Underfloor Heating	Compatible with hydronic systems, and electric systems set in screed
Installation Method	Glue down (double stick for multi-level)
Also Available	300mm planks, herringbone, chevron, stair nosing, reducers

artiste

At a total thickness of 20mm including a 5.5mm extra thick wear layer, Artiste's 250mm extra wide plank is available in 5 warm, contemporary colours inspired by some of history's greatest artists.

Artiste's rustic grade smoked Oak surfaces are deeply brushed to reveal the natural wood grain, and knots and tonal differences are given space to shine. Together with an undulating surface and original saw-markings, Artiste has a look reminiscent of hand-cut timber from days gone by.

The Artiste Collection is engineered and pre-finished with a durable Italian lacquer, which looks and feels like a natural oil with improved moisture and wear resistance. It is suitable to be used as flooring, wall panelling and ceilings.

A generous 25-year residential and a 5-year commercial warranty is available with this Collection.

Total Thickness	20mm – including 5.5mm wear layer
Width	250mm
Length	2480mm, 2205mm
Species	Smoked European Oak*
Joint Profile	Tongue and Groove
Re-sanding	Approx. 4 – 5 times
Underfloor Heating	250mm planks are not compatible with Underfloor Heating systems. Artiste 220mm planks (available by custom order) are compatible with Hydronic Systems
Installation Method	Glue down (double stick for multi-level)
Also Available	Herringbone, Chevron, and stair nosing

**Monet, Da Vinci, Van Gogh and Vermeer are Smoked European Oak. Picasso is European Oak (but has not been smoked).*

Product – Ultra Tussock Oak / Project – Private Residence, Karaka, Auckland

Ultra

The Ultra Collection is designed with maximum stability and longevity in mind. The collection has a 21mm engineered construction including a 6mm wear layer, and can be sanded back 4-5 times over its lifetime.

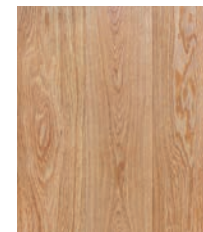

Ultra is available in 7 trending colours and is pre-finished with Forté's exclusive PureMatte lacquer, which provides a hard-wearing matte finish which requires minimal maintenance. Due to its thickness, Ultra is best suited as flooring.

A generous 25-year residential and a 5-year commercial warranty is available with this Collection.

Total Thickness	21mm – including 6mm wear layer
Width	189mm
Length	1900mm
Species	European Oak
Joint Profile	Tongue and Groove
Re-sanding	Approx. 4 – 5 times
Underfloor Heating	Compatible with Hydronic systems, and Electric Systems set in screed

Product – Atelier Classic / Project – Private Residence / Interior Design – Kitchen Inspirations

Atelier

Crafted from European Oak, Atelier features wide and long planks in a rustic grade with gentle brushing on the surface.

Atelier is supplied pre-finished with a beautiful raw-look lacquer which provides a substantial level of scratch-resistance and durability. It is coloured using a special ageing stain, which reacts with the natural tannins in the timber to produce a unique and authentic aged look.

Atelier is suitable to be used as flooring, wall panelling and ceilings.

A generous 25-year residential and a 5-year commercial warranty is available with this Collection.

Total Thickness	15mm or 21mm
Wear Layer	4mm or 6mm
Width	220mm or 260mm
Length	2200mm
Species	European Oak
Joint Profile	Tongue and Groove
Re-sanding	Approx. 2 – 3 times
Underfloor Heating	Compatible with Hydronic systems, or Electric systems set in screed
Installation Method	Glue down (double stick for multi-level)
Also Available	Stair nosing

Classic

Imondi

Recycled from old barns in Europe and America, the Imondi range is hand-crafted from genuine reclaimed timber and repurposed into rustic and textured planks. The finished products introduce an element of nature, depth and texture to interiors whilst infusing a spirit of history and creativity.

Imondi is suitable to be used as flooring and wall panelling.

A generous 25-year residential and a 5-year commercial warranty is available with this Collection.

Total Thickness	15mm (brownstone is 21mm)
Wear Layer	4mm (brownstone is 6mm)
Width	Various

Salvare Panelling

Salvaged from old houses, barns and fences in Transylvania, the Salvare Collection offers a highly sustainable option for interiors.

Once carefully recovered from old structures, the beams and boards are meticulously reworked into wall panels, retaining tremendous amounts of genuine history and character. The planks are ever-so-gently brushed and treated ensuring the original surface is not compromised and allowing the timber's alluring narrative to be captured and preserved within each plank.

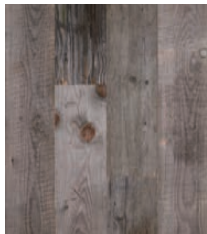

Salvare planks are suitable to be used as wall panelling and ceilings.

A generous 25-year residential and a 5-year commercial warranty is available with Salvare Planks.

Total Thickness	17mm
Wear Layer	5mm
Width	150mm
