## Relevant New Zealand Building Code Clauses:

Clause	Evidence
<b>B2.Durability</b> B2.3.1(c)	All products meet a minimum 10 year product durability requirement with warranties for 10 or more years available upon request for all products. Durability is proven through achieving the requirements of relevant product specifications, such as ISO10581 (Homogeneous), ISO 10582 (Heterogeneous) and EN 13845 (Safety/Particle enhanced) and as demonstrated via ISO 10874 (Usage Classification) for relevant use areas. Results are set out in the Technical Data Sheet available at the relevant product's Files tab at <a href="http://www.armstrongflooring.au">www.armstrongflooring.au</a> and test results are available on request.
<b>C3 Fire affecting areas beyond</b> C3.4(b)	All products meet the requirements of C3 through standard ISO9239-1 Reaction to Fire Tests for Floorings. Test results for each product are set out in the Technical Data Sheet available at the relevant product's Files tab at <a href="http://www.armstrongflooring.au">www.armstrongflooring.au</a> and test results are available on request
<b>D1 Access Routes</b> D1.3.3(d)	All products have slip resistant ratings per standard AS4586 Wet Pendulum Slip Resistance Test. Test results for each product are set out in the Technical Data Sheet available at the relevant product's Files tab at <a href="http://www.armstrongflooring.au">www.armstrongflooring.au</a> and test results are available on request
<b>E3 Internal Moisture</b> E3.3.3, E3.3.5, E3.3.6 <b>3.0 Watersplash</b>	All products will be capable of satisfying the performance for impervious and easily cleaned if installed in accordance with Armstrong Flooring installation instructions for the relevant product available at the relevant product's Files tab at <a href="http://www.armstrongflooring.au">www.armstrongflooring.au</a> .
<b>F2 Hazardous Building Materials</b> F2.3.1	All products are manufactured under a certified quality management system under ISO9001 and are tested under ASTM D5116 – Determination of the Emission of VOC's and satisfy the requirements of Green Building Council of Australia Green Star Design and As Built V1.3 – 13.1.2B & 13.2 and Green Star Interiors V1.3 – 12.1.2B for VOC emissions . Many of the products are Floorscore and GreenTag® certified. Test results and product certifications for each product are set out in the Technical Data Sheet available at the relevant product's Files tab at <a href="http://www.armstrongflooring.au">www.armstrongflooring.au</a> and test results are available on request
<b>G3 Food Preparation and prevention of contamination</b> G3.3.2(b)	These products meet this requirement where care and maintenance instructions are followed.

Supporting documentation for the above can be found at Files tab for each product at [www.armstrongflooring.au](http://www.armstrongflooring.au)

## Scope of Use and Limitations:

Scope	Limitation
Can be installed in all general interior areas of a building, including high traffic areas*	All products must be installed in accordance with the AS / NZS 1884 Armstrong Flooring installation instructions for the relevant product available at the relevant product's Files tab at <a href="http://www.armstrongflooring.au">www.armstrongflooring.au</a> . Products are not suitable for outdoor use or areas subjected to continually wet conditions. *Subject to statutory requirements (Local, State, Federal Government).
Suitable for Underfloor Heating systems	See Underfloor Heating section of the Armstrong Flooring installation instructions for the relevant product available at the relevant product's Files tab at <a href="http://www.armstrongflooring.au">www.armstrongflooring.au</a> .
Support use	All products are manufactured under a certified management system under ISO9001. Many of the products are Green Tag certified and all products manufactured by Armstrong Flooring at Braeside are compliant with Best Environmental Practice PVC. Test results and product certifications for each product are set out in the Technical Data Sheet available at the relevant product's Files tab at <a href="http://www.armstrongflooring.au">www.armstrongflooring.au</a> and test results are available on request

## Maintenance Requirements:

Cleaning and Care Instructions for all products are available at the relevant product's Files tab at [www.armstrongflooring.au](http://www.armstrongflooring.au).

## Responsible Person:

As the responsible person as set out in Regulation 3, I confirm that the information supplied in this declaration is based on information supplied to the company as well as the company's own processes and is therefore to the best of my knowledge, correct. I can also confirm that the products are not subject to a warning or ban under s26 of the Building Act.

Signed for and on behalf of Armstrong NZ Limited:

Hamish McKendrick
