

GROUNDSCREW FOUNDATION SYSTEM

Project details

Project address

Legal description

Design scope 1 (a)

Design scope 1 (b)

Engineer name

CPEng #

LBP name

LBP #

Ground conditions

Soil type allowed for in Table 2 STOPDIGGING! Ground Screw Design Guide

Soil suitability has been confirmed through testing (test report attached)

Ground conditions to be established post consent via static pile testing

Ground conditions to be confirmed via post consent static pile test founded in accordance with the Geotech Report name, author, #

Design & test loads

Specification of design & test loads rely on

Table 3 STOPDIGGING! Ground Screw Design Guide

Table 4 STOPDIGGING! Ground Screw Design Guide

CPEng engineer, foundation design SED

Where design & test loads are specifically engineered

Fixings specifically engineered by named CPEng engineer

Declaration

By signing this declaration I confirm that all conditions of the CodeMark Certificate as they apply to the design of the STOPDIGGING! Ground Screw Foundation System have been met.
