Great for Installers

Use multiple panels to get the right height. Faster install – get onto the next job faster and save on labour time. No need to join – just stack them inside the F-profile, trim slats off to give a lower height.

Available Ex-stock in black.

How it works

Buy single or multiple standard slat panels and stack them inside the F-profile which hides joins and takes up installation tolerances. Non-standard heights or raked bottom panels can also be made-to-order.
