

MAIN FEATURES

- Maximum door size supplied is 2250mm (high) x 960mm (wide)
- Made with aluminium cladding, these doors offer an elegant, low maintenance alternative to timber doors
- Custom made in a range of designs
- Applied mouldings are used with solid or glazed panels
- Aluminium construction for greater stability and no warping
- Glass inserts (18mm double glazing only) are available with a flat-faced contemporary or traditional mouldings
- Matching sidelight options - opening or fixed
- leadlight and other decorative glass panels available
- Wide powder coat colour range available
- Thermally enhanced stiles and rails can be included as an option - also allowing dual colour doors
- Authentic and hard wearing wood grain appearance available, as well as powder coat and anodised finishes
- Two moulding options: traditional or contemporary.

NOTE: Classic Collection aluminium entrance doors have polystyrene core panels. Matching sidelights can be supplied. These sidelights can either be fixed or opening similar to a French door. This allows a full width opening to be achieved when required.

FRAME TYPES

Open Out box section door frame.

Open In box section door frame.

Wide Sidelight Rail (118mm) for single and double glazing.

FLASHINGS

Classic doors will usually be installed in sheltered places. However, for there is a range with standard flashing available for exposed sites.

FINISH / COLOUR

Powder Coated in a wide range of colours. Authentic and hard wearing wood grain appearance available, as well as anodised finishes.

GLASS

Double glazed units are used as standard with a thickness of 18mm. Glass inserts are bead glazed and no glazing vinyls are visible. Contact your local manufacturer about the range of glass options.

PERFORMANCE

A guarantee for all our Entrance Doors is provided under normal conditions of use against failure of materials and workmanship for five years from the date of practical completion.

SIZES

Classic door panel sizes can range from minimum (1800 × 710) to maximum (2200 × 960).

HARDWARE

A range of lever handles and mortice locksets are available. Ask your local manufacturer about the surface finishes and styles available.
