

MELTECA®

COLOUR RANGE

MELTECA®

MELTECA® DECORATED BOARD is New Zealand's market leading low pressure laminate. Inspired by international and local trends, Melteca offers an extensive range of colours giving you variety and choice for your residential and commercial projects.

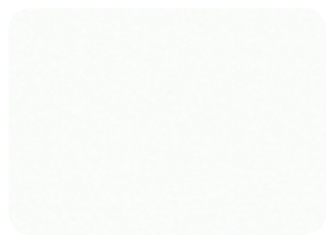

The high durability and easy clean nature of the melamine surface makes Melteca ideal for kitchen cabinetry, cupboards, drawers, shelving and furniture in the home. It can also be used for wall linings, furniture, shop fittings and other vertical surfaces in a commercial environment.

Each colour in the Melteca range has matching PVC or ABS edging which protects the edges and gives good impact resistance.

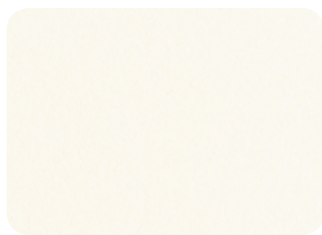

Melteca is certified by Environmental Choice New Zealand as an environmentally preferable product and contributes to improved indoor air quality. This, coupled with a 7 year limited warranty, means Melteca offers you complete peace of mind for your project.

Add the stunning look of gloss and a touch of luxury to your space with Melteca Hi-Gloss. Suitable for drawers and cabinet doors in the kitchen, Melteca Hi-Gloss is a more durable alternative to lacquer.

In fact, Melteca Hi-Gloss is also suitable for any vertical surface where the maximum smoothness and reflectance of a gloss surface is important.

Refined Oak

Espresso Ligna

Charred Oak

NOTE Due to slight variations in manufacturing conditions, minor colour variations from the original sample may occur.

MELTECA® FINISHES

The Melteca Standard Colour Range are available in these finishes:*

By adding a dimension of depth, textures create not only a visual but also a tactile sensation - essential for perfect style.

Naturale. The flattest and most commonly used of the Melteca finishes, Naturale creates a warm effect.

Stipple. A small-scale textured finish that creates a feeling of greater depth.

Puregrain. A strong texture which not only looks like natural wood but feels like it too. Use it on woodgrain patterns or solid colours to soften and transform cabinetry and other vertical surfaces.

Woodgrain. A subtle woodgrain texture designed to enhance the natural characteristics of woodgrains.

Pearl. Similar to Stipple but in a larger scale, Pearl creates more movement of the vertical surface.

MELTECA
PUREGRAIN™

Melteca is also available in single-sided and mixed décor combinations. All Melteca décors available in 2440x1220 and 3660x1220mm. Selected décors available in 2440x1830 and 3660x1830mm.

*Please refer to the Melteca Availability Guide for further details on panel size and finish.

Please visit melteca.co.nz for care and maintenance instructions.

Melteca® Fire Retardant panels for wall linings

Get creative with your wall panels with Melteca Fire Retardant panels for wall lining. A hardwearing, durable panel, Melteca Fire Retardant is suitable for all wall linings where maximum fire resistance is important.

When tested for the purposes of determining the Group Classification in accordance with the New Zealand Building Code Verification Method C/VM2 Appendix A, Melteca Fire Retardant for wall linings returns a Group 1-S rating, the highest possible rating.

Melteca Fire Retardant panels for wall linings is available in any of the Standard Melteca colours, which gives you the freedom of various colours and patterns to choose from.

Melteca® Decorated Boards are Environmental Choice New Zealand Certified Products. Melteca® is marketed, manufactured and distributed by Fletcher Building Products Limited trading as Laminex New Zealand. The colours of the photographs and swatches depicted in this brochure are as close to the Melteca range as modern photographic, lighting and printing processes allow. The colour/finish combinations shown are available at the time of publication, but are subject to availability and may be withdrawn at any time. Melteca is no different from any other material in that darker colours and gloss finishes will always show scratches and superficial wear and tear more readily than lighter colours or lower gloss finishes. Such surfaces require more care and maintenance and Laminex New Zealand recommends the use of laminate cleaning products (or mild household cleaning products). Please visit our website, melteca.co.nz, for specific care and cleaning information. Note that in certain lights or from different angles wipe down marks may be visible after cleaning. Melteca should be protected from strong direct sunlight as continuous exposure may cause discolouration or fading to the surface over time. When ordering a décor for one job we recommend using the same sheet size (i.e. all 1220mm wide or 1830mm wide) due to the slight colour variances that can occur between different paper runs. Please obtain a copy of the terms and conditions of the Melteca 7 Year Limited Warranty from Laminex New Zealand or visit melteca.co.nz. This warranty is in addition to any rights that may exist under the Consumer Guarantees Act (1993).
